ಸಾಮಾನ್ಯವಿಷಯ - ಸಂಖ್ಯೆಗಳು, ಬಣ್ಣಗಳು, ಕಥೆ.

ಭಾಷಾ ಚಟುವಟಿಕೆ - ಕಾರ್ಟೂನ್ ಚಿತ್ರಗಳು,

Book Buzz

Mairi Mackinnon's Gingerbread Man is designed for children to read. This book retells the story of the Gingerbread Man in simple language with repeated phrases to help children develop the confidence to read alone. Thus this book was chosen for the month of June.

Summary: A freshly baked Gingerbread Man escapes when he is taken out of the oven and eludes a series of nursery rhymes' characters who hope to eat him until he meets clever fox.

Classroom Scoop

Our grade 1 little buddies were given a warm and pleasant welcome. Their day 1 activity included a worksheet wherein they were asked to draw pictures of their choice. They also wrote down their first day experience and the refreshing company of their friends. Their imagination ran vivid as they put in their thoughts into the sheet.

Beyond Classroom

World Environment Day is the most important day for a rising awareness and encouraging action to protect the environment in young minds. The teachers spoke about Environment day and the need to make the planet a better place to live in. Each class teacher of grade1 donated different variety of tree sapling to school and also involved all the students in planting those saplings with the help of the gardener in our school campus. They were made to understand the importance of keeping the surrounding green and clean.

First day was fun

Students were excited to receive the head crown as a take home activity on the first day. The teachers made each of them feel like a prince/princess as they crowned them. The children sported their crowns proudly as they walked out of their classes

Morning Assembly

A combined assembly of grade 1 and 2 is conducted every Thursday where each class gets an opportunity to exhibit their talents on a given topic. Through this, we ensure that students are exposed to the values and ethos of life along with various cultures exhibiting unity in diversity.

Word Wall

Word wall is the reiteration of the vocabulary learnt in the class. It reinforces spellings. The words chosen for this month were from the lessons taught for the present month. Students read out the words and framed sentences using them. The children are made to highlight the difficult words in the beginning of the lesson. These words are later put on the word wall for them to read and learn on a daily basis.

Special Event - Mom and Me

Mothers were welcomed by the class teacher and the shadow teacher with kind words and captivating video on celebration of motherhood. The video nudged the mothers' emotions and made them express their unfathomable affection towards their little ones. This was followed by cheerful activities such as 'The Talent Hunt', 'Juggle the Balloon', 'Dumb Charades' and 'Garland Making'. Students and their mothers enthusiastically participated in every game. Another emotional moment was captured when the children gifted their mothers their handprints. The eventful day ended with capturing the thumb prints of the mothers and their children on the canvas in the 'Tree of Love'.

Parent Support

To create a nurturing environment for the students, we believe in cooperation between parents and teachers. For this, kindly encourage your ward to participate in all the activities conducted in school. Hope we continue having an amicable and enriching experience with the parent community as always.

See You Next Time
