Library: Book reading – Famous Five, Magic Tree House, Nancy Drew.

Life skills

Happiness

Yoga: Introduction to Suryanamaskara and basic asanas.

Book Buzz

“Step Into Reading” series are fun-filled books and offer a package literacy program that focuses on ensuring students to overcome the difficulties and challenges of reading, transforming them into confident and independent readers. These skills give students a head start and offer every child a successful reading experience. The creator of this book is Jane O’ Connor.

Classroom Scoop

“No excuse for animal abuse”

Poster making was done in groups where students worked on a common topic of “Ban on wild animals in the circus”. This activity helped to stimulate the flow of ideas and encouraged students to think out of the box. As students presented their posters in the class it gave way to a forum of discussion for the students and focused on the extreme cruelty to animals to create awareness among the students.

Beyond Classroom

Intra-class competition on account of “World environment day” was devised with a view of bringing awareness and instilling the thought of restoring the environment. This served as a platform for students to showcase their creativity and artistic skills. As a part of this eco- friendly activity, the students made beautiful paper bags using old newspapers, magazine pages, etc. and decorated them vibrantly. They used different materials to decorate the bags. Commendable efforts were seen from the students end. This project aimed to spread the awareness about why paper bags should be used instead of polythene.

Morning Assembly

The students of grade 5 presented a wonderful assembly on the theme-“New beginning”. The Assembly started with a prayer and was later followed by some students reading out an array of news. An enriching thought was read out to brighten our day. Later, a song was sung by grade 5 students which conveyed a message of how we can anytime start our life afresh. Every child took the opportunity to display their talent and present themselves. The assembly was addressed by the Principal and the Headmistress. We had guests from the Asset team who addressed the students to enrich them with their knowledge, experience and expertise.

Word Wall

A collection of words is displayed in large font on the classroom, bulletin board. This wall serves to be an interactive tool for students. It helps students build their concept of word skills. The use of a word wall in a classroom can be a highly effective teaching strategy to improve literacy skills. Word wall activities encourage active student participation.

Parent Support

We would like to thank you for working in partnership with us to ensure your kids are achieving their best. Given their outstanding performance every year, our hopes are only rising higher for this year. Kindly help your ward and extend your support in academics to empower them. We have some exciting activities for this upcoming year! Stay tuned to see lots of new developments at Presidency.

See You Next Time
