SPECIAL ASSEMBLY

The assembly topics for this month were Environment Day, Blood Donors Day, Yoga Day etc., which helped the students to realise their duties and responsibilities towards society.

The festival of Eid was also celebrated in the school in a special assembly. The students learnt the significance of fasting and piety through a skit, video and music.

BOOK BUZZ

The **Room on the Roof** is a novel written by Ruskin Bond. The novel revolves around Rusty, an orphaned seventeen-year-old Anglo-Indian boy living in Dehradun. Due to his guardian, Mr. Harrison's strict ways, he runs away from his home to live with his Indian friends.

Classroom Scoop

The students prepared models of the Earth's internal structure. They were able to identify each layer and talk about its composition in the social science period. This helped them gain deeper knowledge of the concept and also understand the causes of volcanoes and earthquakes.

Beyond Classroom

Field trips give students educational experiences away from their regular school environment. The students of grade VII were taken to Janapada Loka to give them an insight into the lives of the rural and tribal people of Karnataka. The folk art museum with its rich artifacts like brass and copper vessels, agricultural tools, looms, paintings and the various masks and costumes used in folk dances captivated the young minds. The open campus and the natural surroundings gave a good opportunity to the students to stretch their legs and experience a fun filled day.

Word Wall

Glossary of words is displayed on the bulletin board of the class room. The words are part of new vocabulary introduced in this month in various subjects. It is an important medium of learning and enhances the vocabulary of the learners. Students refer to the list while learning the topic.

Parent Support

The best gift a parent can give to their child is their support. Parents must encourage their children to read a variety of books with a moral which goes a long way in inculcating values and improving their comprehension and communication skills.

We have begun with the year's mega event- "The Rally for Rivers". The theme is specially taken to address the problems of water shortage and pollution. Do encourage your wards to participate with enthusiasm.
